

Year 4 Half Term Holiday Homework

After the break we will be learning about religions in our neighbourhood. What can you find out about different religions in your neighbourhood?

Try to find out about a different faith other than your own!

We will also be learning about electricity as part of our science learning. You should research this in order to be prepared for the learning we will be doing in class.

Maths: There are a range of activities on google classroom for children to complete over the break. Children must also remember to be practicing their times tables daily.

Reading: You should be reading every day. Record this in your diary and remember to use your reading strategies to help you!
Summarise, prediction, clarification and question making.

Extra challenge:

Create a 3D model a place of worship in your local community.
