

Ch2 and 3 day 4

To find 1% of a number, you divide the number by 100.

To find 5% of a number you divide the number by 10 and then divide by 2

Finding percentages

I can calculate percentages of quantities.

Calculate the percentages. Show your working out.

1. 10% of 5000	2. 40% of 1800
3. 1% of 1250	4. 21% of 600
5. 5% of 8 100	6. 5% of £16
7. 35% of 8600	8. 32% of £160
9. 68% of 200	10. 69% of £10
