

# MATHS- WEEK 2- HOME LEARNING FOR NURSERY

**Day 1:** Count your steps. Count your steps to different places in your house. How many steps does it take for you to go from the front door to the living room? How many steps does it take from the sofa to the tv? How many steps does it take to go from the living room to the kitchen?

sides”)

**Day 2:** Eye spy! Play eye spy with a member of your family but instead of guessing the object, you have to guess the shape. (For example “eye spy with my little eye I can see something with 4

**Day 3:** Make a shape picture. Use 2D shapes to make a picture (house using triangle and square or a snowman using 2 circles).

**Day 4:** Put three bowls over one, two and three jewels/ sweets/ toys. Quickly lift and replace one bowl and say how many there are. Swap the bowls around. Can you point to the bowl with three? Lift the bowl and see if you can instantly say how many jewels/ sweets/ toys there are.

**Day 5:** After playing with your toys, count and organise your toys. How many teddies do you have? How many cars do you have? How many books do you have? Can you write the amount of dolls you have?
