

Amazing Antarctica

Where Is Antarctica?

Antarctica is the area of land that is the furthest south in the world. It contains the South Pole. It is the coldest place on Earth.

Antarctic Animals

Lots of different animals live in Antarctica.

Emperor penguins are the biggest penguins in the world. They are only found in Antarctica. They keep themselves warm by huddling together in big groups.

Fur seals have thick fur to protect them from the cold. They also have a thick layer of fat under their skin to keep them warm.

Orcas are sometimes called 'killer whales' but they are actually a type of dolphin. They eat seals, penguins, squid, sharks and even whales.
