

**Maths Day 3 Challenge 2 and 3 L.O. To be able to solve money problems**

*Please write the answers in a different colour*

- 1 Miss Kurt needs to buy enough Fruit Salads for everyone in 5D (29 children). How much will this cost? If she pays with £30.00, how much change will she receive?
- 2 If you have a £10 note and buy three milkshakes, how much change will you receive?
- 3 If you buy a hotdog, a cola and a fruit salad, how much change will you receive from £10?
- 4 If I buy five Colas with a £5 note, how much change will there be?
- 5 If ten friends buy cheeseburgers with £30, how much change will they receive? Do they have enough left so that each of them can buy a drink? (show how you worked this out).

**Challenge!**

How many friends can have a hotdog and chips each with a £20 note? Will there be any change? (show how you worked this out).
