

LO: To write a non-chronological report on animals.

Non-chronological reports

Does anyone know what a non-chronological report is?

Non-chronological reports don't have to be read in **any order**.

Today, you are going to be writing the fourth part of your report. To do this you will use your fact sheet. You will be writing about the animal's appearance.

Appearance means the way someone or something looks

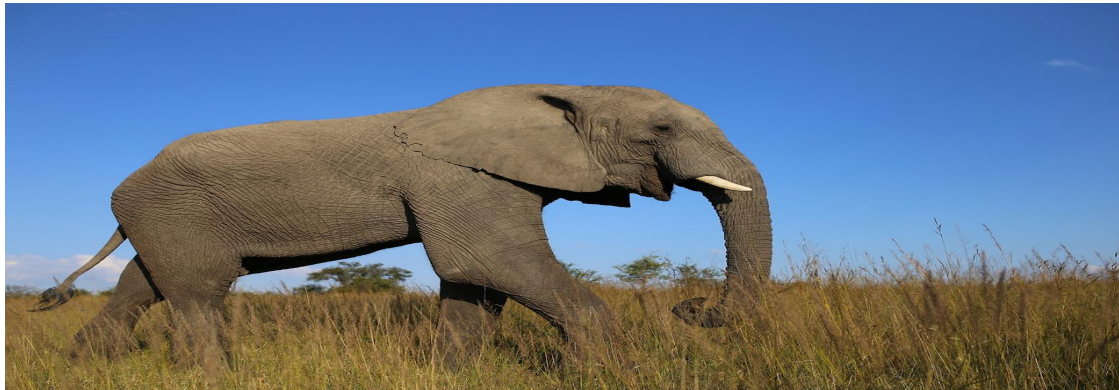

Animals around the world have different appearances. Some animals have fur. Some animals have beaks and other animals have fins.

How do we write about the animal's appearance?

The subheading for animal's appearance

- Write about how the animal looks
- Write about how the animal's appearance helps them to survive

Remember, some animals have special coloured fur to camouflage with their surroundings.

Camouflage means **hide or disguise the presence of a person or an animal.**

Remember:

- To use capital letters, full stops and adjectives to make your writing more interesting..
- Remember to use conjunctions to add more information.
