

TOPIC – WEATHER

In Year 1 we have been learning about the weather. Today's task will be focusing on the different symbols used to forecast the weather.

First look at this website, <https://www.bbc.co.uk/weather/e12>

- What can you see?
 - What country/countries can you see?
 - How is the weather? How do you know?
- Are there any symbols that show us how the weather is?
- Next, design a colourful poster showing the different weather symbols. Look at the examples below.

Weather symbols

Extension:

Explain what each symbol shows. You can label the symbols or write sentences.
