

Comparing Numbers

Lesson
3

In Focus

Today, we are going to compare numbers!

Q: Who has the **most** coins?

Q: Who has the **least** number of coins?

Now, let's have a look at how we can work out the questions above.

Let's Learn

Compare the number of coins.

tens	ones
7	5

$75 = 7$ tens and 5 ones

tens	ones
6	3

$63 = 6$ tens and 3 ones

tens	ones
6	9

$69 = 6$ tens and 9 ones

First, compare the number of tens.

7 tens is more than 6 tens.

75 is more than 63.

75 is more than 69.

3 ones is less than 9 ones.
63 is less than 69.

Both 63 and 69 have
6 tens. What should we
compare next?

We can arrange the numbers in order from:

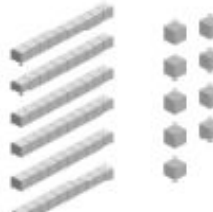

a) greatest to smallest

75, 69, 63
greatest \longrightarrow smallest

b) smallest to greatest

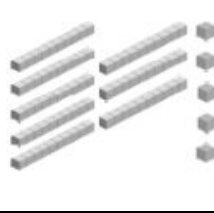

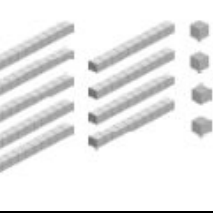

63, 69, 75
smallest \longrightarrow greatest

1. Complete the following questions.

	
How many are there? _____	How many are there? _____

_____ is more than _____.

_____ is less than _____.

	
How many are there? _____	How many are there? _____

_____ is more than _____.

_____ is less than _____.

2. What shape has the greatest number?

(a)

The greatest number is _____.

(b)

The greatest number is _____.

3. What number is the smallest?

(a)

The smallest number is _____.

(b)

The smallest number is _____.
