

Kindness

In assembly we have been talking lots about kindness.

We would like you to give three examples of when you have been kind this week and record it here.

Example.

I was on the telephone with my grandmother. I have rang her a few times, but she cannot understand what I am saying as her hearing is impaired. She said that she missed getting letters like they did years ago. I decided to write her a letter and she was very happy. She spoke to my sisters and said how nice it was. It made me feel very good.
