Use the extract below to create your own map of Nevermoor. Make sure you include all the buildings and places mentioned in the extract, including Courage Square, Proudfoot House and the Grand Boulevard

The extract is taken from *Nevermoor: The Trials of Morrigan Crow*

A map was enclosed. Roughly circular and surrounded by medieval stone walls, Old Town was the smaller original city from which the rest of Nevermoor had grown outward in organic, misshapen swells, like a fungus...

There were four entrances to Old Town: through the enormous stone archways of the North Gate, South Gate, East Gate and West Gate, like points on a compass.

The map showed Courage Square at the centre of town. Morrigan had only whizzed through Courage Square on the speeding Brolly Rail, but she remembered a broad, bustling plaza surrounded by shops and cafés and filled with people.

The square sat at the intersection of two streets stretching the length and width of Old Town. Lightweight Parade ran from north to south, with Proudfoot House at the far northern end and the Royal Lightwing Palace (home to the Free State monarch, Queen Caledonia II) to the south. Grand Boulevard ran from east (starting at the Temple of the Divine Thing) to west (ending at Nevermoor Opera House).

The map highlighted other landmarks too – Dredmalis Dungeons, the Houses of Parliament, the embassies, the Garden Belt (a ring of green spaces circling the middle of Old Town, just like a belt), the Gobleian Library and perhaps a dozen others.
