LO: To identify and define rhyming words

What is poetry?

Poetry is written by a poet.

When a poet writes a poem, they try to get you to use your imagination or feelings, when you are reading it. They do this by thinking about what words mean and how they sound. The poet might change the order of words to make them sound a certain way.

What are rhyming words?

Some poetry has rhyming words at the end of lines. When words rhyme, they start with different sounds, but sound the same at the end of the words. So 'cat' rhymes with 'bat' and 'hot' rhymes with 'lot'.
