

Week 2: Art

As you have been looking at stories from the Book of Hopes, have a go at **creating your own storyboard for a story on Hope**. You should try to tell your story through your artistic side, focusing on **tone and texture** to let your drawings tell the story!

Keep the storyboard to 6 – 9 drawings and you could add a little sentence for each drawing to tell us what is happening. Remember, the story will be about hope, patience and hopefully a good moral at the end!

Follow the structure/ layout of the storyboards below.
