

Your task is to continue the story explaining what happens when the flying saucer lands.

Read the following extract:

It was late evening, almost dark.

"I think I left my ball in the playground. Let's just go and get it before we go home," said Tom to Suraj.

They squeezed through the gap in the fence into the playground. It was a great safe place to kick a football round without people complaining about it hitting their cars.

"What on earth is that!" exclaimed Suraj.

A bright green light filled the sky just above the playground and it seemed to be dropping down in front of them.

"Flying saucer! It's a flying saucer!" gasped Tom.

C1 Type at least one paragraph to continue the story. Remember to use a range of sentences.

C2/3 Type at least three paragraphs to continue your story. We'd like to encourage you to use a dictionary or thesaurus to uplevel the quality of your work.
