

## Maths Learning - Summer 2, Week 3

### Monday:

Play **Hit the Button** to practise your 10 times tables. Play a few games so that you can get faster and increase your score. **Type your best score in your own Google Classroom.**

### Tuesday:

## **I'm Eight**

Age 5 to 11 ★

When I went into a classroom earlier this week a child rushed up to tell me she was 8 that day.

Well, Happy Birthday to everyone who has a birthday today!

This challenge is about finding a variety of ways of asking questions which make 8.

You might think of  $6 + 2$ , or  $22 - 14$  or...

However, try to create examples that use all the different mathematical ideas that you know about.

Perhaps you could challenge yourself to find ways of making 8 that you think no-one else will have thought of.

If you are not 8 years old, you might like to use your age instead of 8.

**Type your solutions into your Google Classroom.**

### Wednesday:

Play **Hit the Button** to practise your 2 times tables. Play a few games so that you can get faster and increase your score. **Type your best score in your own Google Classroom.**

Thursday:

## Magic Plant

Age 5 to 7 ★★

On Friday at 9 am, the magic plant was only 2 centimetres tall.

Every twenty four hours, it doubled its height.

How tall was it on Monday at 9 am?

**Type your answer into your Google Classroom.**

Friday:

Play **Hit the Button** to practise your **5 times tables**. Play a few games so that you can get faster and increase your score. **Type your best score in your own Google Classroom.**
