

Year 3 Maths Lessons

Your task this week is to go onto the OAK ACADEMY website everyday and complete the task we have set for you on a piece of paper or in your homework book. Once you have completed the task, you will take a photo of your marked work so your teacher can see the great work you've completed. Once you have done this, write what you learnt in the lesson.

If you are having trouble uploading, just write what you learnt in the lesson. For example, new or important vocabulary, what exactly did you learn? Which part of the lesson really helped you to understand the learning? What was your task and how did you do? If you made any mistakes - explain what mistake you made.

If you're having any troubles, you must let your teacher know.

Monday - Session 1 - To describe the part whole relationship

Click on the link below to access the video and then follow the teacher's instructions.

<https://classroom.thenational.academy/lessons/to-describe-the-part-whole-relationship>

Now take a photo of your written work that you have marked with the teacher, upload it and then in your own words, write what you learnt in the lesson.

Tuesday - Session 2 - To recognise parts that are equal and parts that are unequal

Click on the link below to access the video and then follow the teacher's instructions.

<https://classroom.thenational.academy/lessons/to-recognise-parts-that-are-equal-and-parts-that-are-unequal>

Now take a photo of your written work that you have marked with the teacher, upload it and then in your own words, write what you learnt in the lesson.

Wednesday - Session 3 - To recognise, identify and describe unit fractions

Click on the link below to access the video and then follow the teacher's instructions.

<https://classroom.thenational.academy/lessons/to-recognise-identify-and-describe-unit-fractions>

Now take a photo of your written work that you have marked with the teacher, upload it and then in your own words, write what you learnt in the lesson.

Thursday - Session 4 - To find unit fractions of a given quantity

Click on the link below to access the video and then follow the teacher's instructions.

<https://classroom.thenational.academy/lessons/to-find-unit-fractions-of-a-given-quantity>

Now take a photo of your written work that you have marked with the teacher, upload it and then in your own words, write what you learnt in the lesson.

Friday - Session 5 - To describe unit and non-unit fractions

Click on the link below to access the video and then follow the teacher's instructions.

<https://classroom.thenational.academy/lessons/to-describe-unit-and-non-unit-fractions>

Now take a photo of your written work that you have marked with the teacher, upload it and then in your own words, write what you learnt in the lesson.
