

Marvellous Monday! 08/06/20

Dear Parent/Carer,

The Reception team hope that you and your children are safe and well. Here are some ideas and suggestions for a great day with your child.

Wake and Shake (10 minutes max)

- Let's learn about exercising!
- Exercising is when you do a physical activity so your body can stay fit and healthy.
- Try some of these at home today!
- You could also join Joe Wicks on youtube every day at 9am he will take you through a PE session. Click the link to join in. <https://www.youtube.com/watch?v=K6r99N3kXME>

Click on the website and have a dance!

Weekend news:

What did you do at the weekend? Did you enjoy a picnic in the garden? Did you watch a film with your family? Or did you read books and play with your toys? Talk to your grown up about what you did at the weekend and remember to start with our speaking frame, 'at the weekend I....'.

- What did you do?
- How did you feel?
- Who did you complete your activity with?

After you have spoken about your weekend news to your grown up, write it down in your homework book.

At the weekend I....

key words: play film read books toys help food excited

Snack time:

Let's make a sandwich! Do you remember the scrumptious sandwich you made with your grown up before? Now let's make another one! Maybe you could use different ingredients this time.

Things you need:

- 2 slices of bread
- butter/margarine to spread on your bread
- A knife (use with your grown ups!)
- Fillings of your choice - cheese, cucumber, tuna, boiled eggs, tomato, lettuce, jam, pickle.

What to do:

- Spread the butter/margarine on both slices of bread.
- Add your ingredients for your sandwich filling on one slice of bread.
- Top with the other slice of bread and cut into 4 triangles as shown in the picture.
- Enjoy your sandwich, yum!

Mathematics : Let's sing a number rhyme

Choose the number song you want to sing today.

<https://www.bbc.co.uk/programmes/b03g64rd/clips>

Lets count to 20. Tap your knees as you count forward to 20

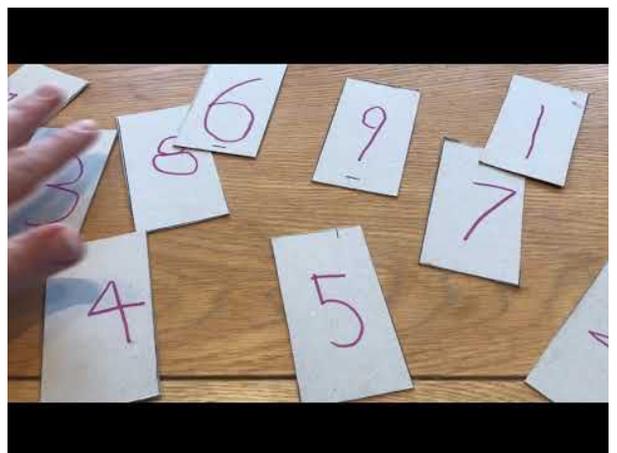

Clap your hands together as you count back from 20 to 0

Now have a go at these maths activities.

Magic fingers!

Make a set of number cards from 0-10. Your grown up will show you a number. Say what the number is and then show that many fingers. Let's see how fast you are!

When you are ready, swap with your grown up. They will show you their fingers. Count them, say the number and find the matching card!

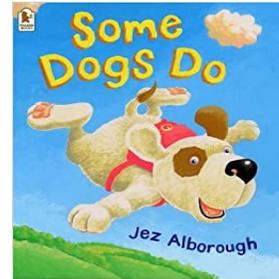

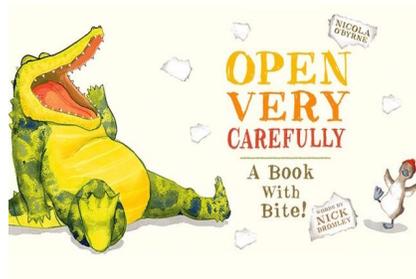

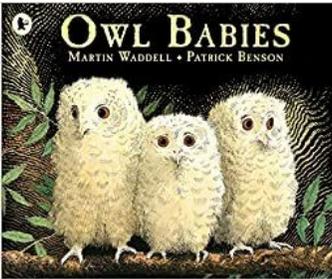

Additional activities to do daily

- Correctly write your name using a capital letter for the first letter only.
- Learn to read and write these tricky words: he, she, we, me, be, are, to, do, so, with, then, was
- Practise your handwriting- make sure you are forming your letters and numbers correctly.
- Read your books.

Storytime

Choose your favourite story from the link below to read with your grown up!

<https://www.booktrust.org.uk/books-and-reading/have-some-fun/storybooks-and-games/>

When you're sharing a story together ask why your child thinks something has happened, what might happen next or how they think the story might end?

- Use different voices, like loud voices or squeaky voices, when we're telling stories.

Let your child play with their toys and take a break!

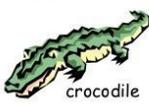

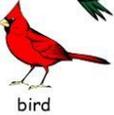

Living or non-living?

There are lots of different things that are living and non living. All living things need air, water and food to grow, whereas non-living things do not. Can you spot some living and non-living things around your home?

Is your pet living or non living? What about your favourite teddy?

Talk to your grown ups about what you think is living and non-living and why.

Make a list in your homework books.

Living			Non-living	
 mushroom	 flower	 zebra	 teddy	 ball
 tree	 dragon fly	 fish	 doll	 chair
 crocodile	 frog	 bird	 cloud	 skateboard

Please practise writing all the letters and numbers everyday.

Apps you Might Like to Explore with Your Child

CBeebies Storytime is filled with free interactive story books and bedtime stories for young children and is a great way to enjoy reading with your little one. The library is always growing, with amazing stories featuring all the CBeebies' favourites.

Teach Your Monster to Read is a phonics and reading game that's helped children learn to read. The app covers the first two years of learning to read, from matching letters and sounds to enjoying small books.
