Find Lessons

Your task this week is to go to the OAK ACADEMY website everyday and complete the task on a piece of paper or in your homework book. This week, we are focusing on writing a letter. Once you have completed the task, you will take a photo of your work so your teacher can see the great work you've completed. If you're having trouble uploading, write a review for each lesson to let your teacher know how you found the activities (at least 3 sentences). You must do this everyday.

We're looking forward to reading your letters!
