

Possibilities

Intent

Essex pupils can think big, dream big and know that life's possibilities are limitless. They have opportunities to explore and investigate the theories, creativity, methods, systems, materials and inventions that underpin our understanding of the past, present and future world, universe and creation.

Implementation

- Teaching in context through themes, and relating learning to a purpose
- Study of inspirational people and the contributions they have made towards human creativity and achievement
- Mastery approach
- Trips, visitors and workshops

Impact

Pupils are inspired by "the best that has been thought and said." They develop a positive growth mind-set, understanding that their success depends on time and effort.
