

Wellbeing

Intent

Essex pupils can work in a team, learning from and contributing to the growth and well-being of others. Understand and be actively involved in addressing issues of human and environmental sustainability.

Implementation

- The Big Ideas
- Teaching in context through themes, e.g. Amazonia
- Explicit teaching of Rights & Responsibilities through the Rights Respecting School Award
- Promoting positive relationships using restorative practice, circle time and worry boxes
- Healthy schools status
- Growth mindset approach
- P4C
- Mentor support and access to school counsellor
- Buddy system

Impact

Pupils value their learning and are developing the self-belief, resilience and character to become responsible, respectful active 21st century global citizens.
