Review & Impact

All pupils returned back to school (Sept 2020) showing great eagerness to take part in P.E lessons and give 100%. The P.E teachers have found this very challenging when selecting pupils to take part in the virtual competitions as every child has the capability of attending a sports

event through the Langdon Sports Partnership. A high percentage of pupils have shown great technical ability and a high standard of physical capability that has proven to be fantastic for selection and highlighted how talented our pupils are in both KS1 and KS2.

In the Spring 2 Essex pupils participated in online (virtual) sports competitions, held by the Langdon partnership. These competitions consist of gymnastics, dance and sports hall athletics. The PE teachers recorded results in P.E lessons and gifted and talented lessons, then these results were sent off to the Langdon partnership to be compared with other schools that had taken part. When all results were compared Essex Primary came in 2nd position.

Essex pupils attended a football competition as Covid-19 restrictions were lifted at West Ham foundation. This consisted of the boys from years 5 & 6 being coached by West Ham coaches for 30 minutes and then playing a football match against one of the schools in the borough. Both of these activities that were organised by the Langdon partnership contributed to more enthusiasm and participation in our school taking part in sport.

The Langdon Sports Partnership when fully up and running is a tremendous tool to motivate our pupils at Essex, the pupils are always working hard to impress in any physical education setting knowing that they may be picked for a borough, county or regional competition to test themselves against the best athletes in their age category across the country.

(Handball ,Dodgeball, Basketball, Netball, Gymnastics, Football, Cricket, Athletics after school clubs as well as before school). ● To teach alongside staff members to improve their subject knowledge and confidence in identified areas. ● To further develop gymnastics skills in order to ensure greater participation in non- competitive physical activity. ● Exceeding government requirements of physical activity per week.
<p><u>Review & Impact</u></p> <p>After March 2021 reopening pupils' enthusiasm and motivation improved with greater participation in after school sports clubs including handball, football, gymnastics and athletics.</p> <p>All KS2 pupils have an opportunity to participate in a variety of sports and games at lunch time. G&T sessions have been available to gifted and talented students. This has improved their social skills with other pupils from different years and confidence in overall schooling. Pupils aspire to take part in G&T lessons and this has a great impact on behavior in other lessons and performance has improved.</p> <p>During the recent Covid-19 lockdown period many pupils did not receive much physical activity at home. At Essex, during the spring half term 2021, live zoom PE sessions led by PE coaches have been delivered to encourage pupils in all year groups to continue with physical exercise at home.</p>

<p><u>Review & Impact</u></p> <p>Pupils have access to a wide range of equipment to use for a variety of sporting games. This equipment has also been used for competition practise, G&T lessons and SEND lessons. During break times and lunchtime the equipment offered to pupils promotes bonding between the pupils and creates new friendships across year groups. Essex covers a wide range of sports and all of these sports have top quality equipment that the children can use to progress and improve their natural ability.</p> <p>Fairplay house residential visit did not take place due the Covid-19 period, the school organised alternative activities which took place in the Autumn term (2020) on the school site led by Fairplay house staff.</p> <p>Fairplay house residential visit for years 5 & 6 has been organised for Autumn 2021.</p>
