Weekly Newsletter

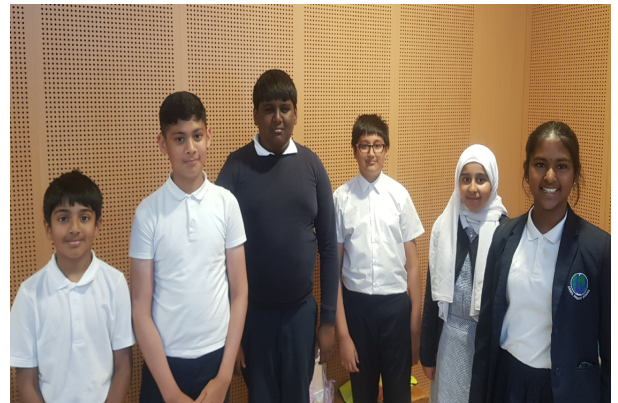

Date: 16th June 2023

Dear Parents and Carers,

As the scorching sun blanketed our school grounds, we were delighted to witness the dedication and adaptability of our pupils in being safe in the hot weather. Ensuring the well-being and safety of all our pupils is of paramount importance to us, so we ask that parents apply sunscreen diligently and pupils to bring labelled water bottles into school daily.

Debate Mate

This week, six pupils from year 6 attended the final round of the Debate Mate competition. After working hard all year during the club sessions with mentors and extra practice, the pupils from Essex did very well to reach the final round against many other schools from East London. Essex Primary won the first debate of the day but unfortunately came up short in the second debate, despite showing fantastic oracy skills throughout. The team were unlucky not to make the top 3 but the speaking and listening skills as well as the techniques to improve their debating ability is something that they will be able to take with them to secondary school. Well done Year 6 Debate team!

Year 2 Visit to the Science Museum

On Tuesday 13th and Wednesday 14th June, Year 2 visited the Science Museum in South Kensington. During their visit, pupils explored the space gallery and were able to see a real piece of the moon, as well as satellites and a range of spacecraft. They listened to information about the moon, Earth and Mars. They also saw a real space suit and read information about astronauts; this draws on their prior learning from year one when they researched Mae Jemison in science. Pupils will be able to use their experience at the science museum in their DT lessons this half term when they design and make a space glove. During the visit, they also explored the Pattern Pod Gallery. This is an interactive gallery where they were able to identify patterns in the world around them and have a go at making their own. "The journey to and from the museum was very long but I enjoyed everything" Umar (2N)

"I enjoyed seeing the different types of transport, medical equipment and toys as we walked through the museum" Muhammad (2C)

School Council Conference and Clean Air Day

On Monday 12th June 2023, our year 2 school council members attended an 'Agents of Change' school council conference at Stratford Circus Theatre. It was a fantastic opportunity for them to engage with fellow councillors from a variety of schools and participate in different workshops designed to enhance their leadership skills. They were immersed in activities to help them express their views, work as a team and challenge themselves. They will use those skills going forward in their school council role.

On the 15th June 2023, a selection of pollution-fighting school council members visited the new pollution gate that has been placed on Romford Road, just opposite the Nissan car site to celebrate Clean Air Day. They listened intently to the gate designer and the team of individuals fighting air pollution in our borough. The new gate encompasses all of the positive changes our school council are trying to implement in our school and wider community.
