

Celebrating talent and extracurricular achievement at Essex Primary School

At Essex, there are many talented pupils who participate in extracurricular activities outside of school. These include attendance at classes such as karate, chess, swimming, football and many others. As a school community, we take pride in celebrating the pupils' achievements through showcasing their talents and skills during school assemblies and granting special awards during our end-of-year achievement assemblies. Here is just a sample of the array of talented and skilled pupils that we feel proud to call Essex pupils!
